

APPENDIX: Implementation of Presidential Proclamation (PP) 9645, December 8, 2017 to September 14, 2019

Notes:

1. In this report, “subject applicants” refers to visa applicants who, due to nationality and visa classification, are subject to visa restrictions under PP 9645.
2. For Table I, “month of first adjudication” refers to the first time an application subject to PP 9645 was adjudicated by a consular officer. The monthly totals in Table I refer to the number of “new” applications subject to PP 9645. These applications are considered “new” in the sense that they were adjudicated subject to PP 9645 for the first time since the policy took effect in December 8, 2017. They may have received adjudication decisions prior to PP 9645 implementation; for example, if the case required administrative processing that began prior to, but was not completed before, December 8, 2017.

Monthly totals for new K visa applications have been omitted from this Quarterly Report, while cumulative totals are still provided. This is due to data system factors related to the processing of nonimmigrant K visa class applications, which make it difficult to consistently report when K visas were first adjudicated subject to PP 9645. Because of this, monthly totals may not aggregate to the cumulative total for any given row on Tables I(b) and I(d). Primarily due to this reason, in addition to reporting methodology revisions made in accordance with Department waiver processing policy changes, and minor data system factors related to compound visa classes, sub-totals included in Tables I(a)-(h) may not sum to grand totals, and may differ slightly from statistics included in the Department of State’s first and second Quarterly Reports (covering December 2017 through June 2019).

3. For Tables II-III, all statistics are cumulative from December 8, 2017, the date of full PP 9645 implementation, through the end of the month listed in the column header.
4. For Tables II(a)-II(d), refusal data for visa applications subject to PP 9645 are divided into “Cumulative Non-PP 9645 Refusals”, i.e., refusals on grounds unrelated to PP 9645, and “PP 9645 Refusal”, i.e., refusals on PP 9645 grounds. Cumulative refusal totals reflect the number of applications refused as of the end of the month listed. It is possible for cumulative refusal totals to decrease from one month to the next if applications move from a refused status to an issued status.
5. PP 9645 entry restrictions on Chadian nationals ended on April 10, 2018. The Department resumed normal visa processing for Chadian nationals beginning at 12:01 a.m., Eastern Daylight Time, on April 13, 2018. All visa data for Chadian nationals displayed below is restricted to applications adjudicated prior to April 13, 2018.
